**ATLANTIS SEZ**
A partnership between the City of Cape Town, the Western Cape Provincial Government and a number of other organizations has led to the establishment of the Atlantis Economic Zone for Green Technologies (ASEZ). Investor interest in the SEZ has steadily increased with the introduction of renewable energy, energy-efficiency and water subsectors have occurred approximately R312bn in investment, which has helped create more than 300 jobs across six companies. With approximately 90% of development-ready SEZ land available, this remains a significant opportunity for investors.
